

# JOIN THE TEAM

## About Us

DCT are a global virtual design and construction consultancy firm. We are talented, industry innovators, striving to deliver the most dynamic and constructible work for our clients, applying this to each and every project.

DCT was established in Ireland in 2018 and specialises in mechanical and electrical digital engineering and digital construction management within all sectors of the construction industry.

DCT has experienced considerable expansion over the past three years with employment growing from 1 to over 30 in that time. Now, with offices in Ireland, UK, Argentina and Croatia, DCT has built up a reputation as the leaders in the virtual design and construction arena in a very short period of time.
